Braids

Geometric definition of braids

Geometric definition of braids

Figure: Three dimensional geometric representation of a braid

Figure: A projection of the braid

Multiplication of braids

Figure: Multiplication of two braids

The identity braid \mathbb{I}_n

Figure: The identity \mathbb{I}_3

Inverse of braids

Figure: Inverse of a braid

Thus, braids form a group, known as the Artin braid group.

Generators of the braid group

τ_i

τ_i^{-1}

Figure: Generators τ_i and τ_i^{-1}
